Transport and Main Roads

22 October 2018

Mr Wayne Landrigan
Wulguru Steel
PO Box 2144
Idalia Qld 4811

Dear Mr Landrigan

Certificate of Registration

This letter is in relation to the audit undertaken on 3 October 2018 of Wulguru Steel (Wulguru). The audit was carried out on behalf of Queensland Rail (QR) for the North Coast Line timber bridge replacement project. The audit reports have been discussed and provided to the QR team to finalise their tender evaluation process.

In order to be considered for the final tender assessment the Department of Transport and Main Roads (TMR) registered fabricator must be 'Active'. As such based on the findings of the audit TMR has re-activated Wulguru on the Registered Suppliers List.

Please find attached the audit reports and the new registration certificates. One certificate is for fabrication to MRTS78A and MRTS79 which will be undertaken at the Wulguru site and the other certificate is for fabrication to MRTS78 which will be undertaken at the South Townsville site. Outlined on the certificates are the conditions and scope of registration for each site.

If you have any questions regarding the information provided please do not hesitate to contact Linda Ziebell, Engineer (Structures Construction Materials) on 07 3066 6358.

Yours sincerely

Mike Whitehead
A/Director (Structures Construction Materials)

Certificate of Registration

For the supply of

Fabricated Steelwork

Wulguru Steel – South Townsville

Location: 41 Morey St, South Townsville

Issue Date: 18th October 2018 **Expiry Date:** 31st October 2021

Registration Level: 2

Scope of Registration:

Major Steel Infrastructure (MRTS78)

- Shop Welding of Girders
- Fabricated Steel Girders
- Truss Bridges
- Rolled Steel Girders
- Overhead Fabricated Gantries

Registration is governed by the *Registration Scheme: Suppliers and Products for Bridges and Other Structures*. Adherence to this document and the relevant technical specifications is required at all times.

The following conditions apply:

1. "Inactive" suppliers may tender on projects, however an audit by Structures Construction Materials is required on commencement of supply.
2. For scope marked "project-specific", supplier must contact Structures Construction Materials to confirm workshop capacity prior to tendering.
3. Registration is relevant for the listed products only, to the specifications noted only.
4. Registration does not indicate approval or endorsement of proprietary designs.
5. Registration may be withdrawn or otherwise amended, check the latest registered supplier list for any changes.
